BEFORE THE WASHINGTON STATE EXECUTIVE ETHICS BOARD

In the Matter of:

Jacqueline McHale,

Respondent

EEB Case No. 2023-014

FINAL ORDER

I. PROCEDURAL HISTORY

On February 17, 2023, the Executive Ethics Board (Board) received a complaint from the Department of Corrections (DOC) alleging that Jacqueline McHale, a Corrections Officer 2 (CO2) with the DOC at the Washington Corrections Center for Women (WCCW), may have violated the Ethics in Public Service Act by using state resources for private benefit or gain.

The Board entered an Order of Default on March 8, 2024. On March 11, 2024, Board staff provided Jacqueline McHale with notice of the Board's Order of Default by regular and certified mail. According to USPS, Jacqueline McHale received and signed for the certified mail on March 13, 2024.

Pursuant to WAC 292-100-060(4) Jacqueline McHale was allowed 10 days to request vacation of the Order of Default. Jacqueline McHale has not moved to vacate the order entered on March 8, 2024.

II. FINDINGS OF FACT

1. According to DOC, Jacqueline McHale was originally hired on June 24, 2019 as a CO1. On June 24, 2020, Jacqueline McHale was promoted to CO2, which is the position they presently hold.

1

FINAL ORDER EEB No. 2023-014 (McHale) 2. According to DOC, between January 17, 2020 and May 31, 2021, Jacqueline McHale utilized their state email and user name, jacqueline.skipwo310,¹ for personal use, sending more than 1,300 emails to BM at BM's personal Gmail address.² According to the DOC, Jacqueline McHale used a state computer and her state email account to logon to her personal email alias jacqueline.skipwo310 to author and share a letter addressed to Jo Wofford, who was the WCCW Superintendent at that time. According to the DOC, the letter contained inappropriate and unprofessional comments.

3. DOC advised Board staff that an investigation was conducted on Jacqueline McHale. They provided Board staff with the emails in question and a copy of the Investigative Report (IR), which included supporting documents. According to the IR, Investigator 3 Sheri Hadwiger, at DOC Workplace Investigation Services (WIS), conducted the investigation.

4. According to the IR, during a review of Jacqueline McHale's work email history, they found what appeared to be a number of personal emails sent through Jacqueline McHale's DOC email account. The IR states that an additional allegation for using their work email for personal use was added to the investigation.

According to the IR, the investigation focused on two allegations:

Between January 17, 2020 and May 31, 2021, Jacqueline McHale utilized their state email account and logon for personal use when sending over 1,300 emails to their future spouse at their Gmail address.³

• Between December 10, 2020 and April 28, 2021, Jacqueline McHale utilized a state issued computer and their state email account to author and share a letter

¹ Jacqueline McHale's previous last name was Skipworth, which at times appears on their work and personal email history. For the purposes of this report, they will be referred to as Jacqueline McHale.
 ² Board staff are using BM's initials in an effort to protect their privacy.

³ Board staff were provided with copies of the emails by DOC. The emails were personal in nature and not related to Jacqueline McHale's work at DOC.

addressed to Jo Wofford that contained inappropriate and unprofessional comments. $^{\rm 4}$

6. A review of Jacqueline McHale's emails showed a large number of emails sent to Jacqueline McHale's spouse, BM. According to the IR, from January 17, 2020 through May 31, 2020, over 1,340 emails were sent from Jacqueline McHale's state email address to BM's email address.

7. According to the IR, in an interview with Jacqueline McHale, they admitted to sending the emails although they were not aware of the exact number. Jacqueline McHale said that their wife suffered from anxiety and during that time-period Jacqueline McHale was working the graveyard shift and extreme amounts of overtime. They said that issues came up with their children, among other things. Jacqueline McHale said that they had no other way to contact their spouse since they did not really get a chance to take breaks and leave the facility to use their cell phone on the majority of their shifts.

8. According to the IR, Jacqueline McHale was asked if they were familiar with DOC's IT policy and use of state resources and Jacqueline McHale stated that they were. The IR stated that Jacqueline McHale agreed that the activity did not fall under the definition of "de minimis" use.

9. Board staff were provided with a letter addressed to Jacqueline McHale dated September 8, 2022 from the WCCW Superintendent, Charlotte Headley. The letter stated in part:

This is official notification of a written reprimand where I determined that you engaged in misconduct...

... between January 17, 2020 and May 31, 2021 you sent over one thousand three hundred forty (1340) emails to your spouse from a State owned computer.

⁴ Board staff will only be addressing the first issue as the second is a personnel matter outside of the Board's jurisdiction.

1 |

...you admitted to sending excessive emails to your spouse and agreed that you exceeded what would be considered acceptable use of State resources...

10. Board staff requested a copy of Jacqueline McHale's work email history from DOC.⁵

11. Board staff were provided with Jacqueline McHale's email history for the period of September 12, 2020 through April 26, 2021. A review of Jacqueline McHale's email history found that during that time period, Jacqueline McHale sent or received approximately 1,400 emails at their work email address from BM's personal Gmail address. The majority of those emails appeared to be personal in nature and not work related.

12. In a written response to Board staff, Jacqueline McHale said that since the investigation began in 2021, there have been accusations attacking their character leading to defamation and slander. Jacqueline McHale said that they have addressed both allegations through the DOC investigation.

13. According to Jacqueline McHale, their wife had been diagnosed with severe medical issues. Also according to Jacqueline McHale, the times that they were misusing state resources was mainly due to that.

14. According to Jacqueline McHale, they have since drastically changed their use of state resources and their wife is getting help. Jacqueline McHale said that they have worked tirelessly to change their ways and learn more about the ethics laws and policies regarding use of state resources. Jacqueline McHale said this was a huge learning curve for them and they are constantly trying to do better and be better.

⁵ Board staff processed Jacqueline McHale's work email history on a Forensic Recovery of Evidence Device (FRED) using the Magnet Axiom Digital Investigation Platform.
